

Registration is Open at ATMS! Make the best choice for your child's middle school experience!

Join our amazing school in September to ensure that your child continues to develop strong values and ethics, participates in a rigorous academic program and gets involved in our many athletic opportunities.

We are very proud of our strong focus on academics. ATMS assesses every student on their reading, writing, and numeracy skills through our school wide reading comprehension assessment, our school wide math assessment, and our district grade 6 writing assessment to identify learning gaps and strengths. With the data from these assessments we work collaboratively to target interventions to steadily push learning forward and personalize learning. As a result of our robust academic focus, our Foundational Skills Assessment (FSA) scores at ATMS are consistently in the top three in the district and always above provincial averages.

Our Student Code of Conduct and Student Courtesy Code are practiced and enforced to ensure clear expectations for our students and a positive school climate for all our learners. As a school awarded with a School of Character recognition, we consistently practice Responsibility, Respect, Empathy, Courage, Integrity and Service throughout all our daily activities.

We are also very proud to be the first and only middle school in the district with a school-wide 1:1 Chromebook Program. Safe, appropriate and responsible use of technology is key to preparing our students for life beyond school. Our students get a jump-start with this skill by integrating the use of technology throughout the curriculum using platforms such as Google Classroom. As a result, learning is enriched, personalized, accessible and relevant.

The exemplary team of first-class teachers at ATMS facilitate rich and rigorous learning opportunities that keep students excited and curious about learning. Our Counsellor, Youth Care Worker, Multi-Cultural Worker, Learning Support Services Teacher, English Language Learning Teacher, Educational Assistant and Restorative Action (ARJAA) worker see that the needs of all our students are met. Our rich and diverse staff ensure that every student reaches their maximum potential academically, socially and emotionally.

Some of exploratory options for students include Band, Music, Guitar, Drama, Digital Design, Coding and Home Economics (Cooking and Sewing). We also have Flex Friday Blocks specifically designed for students to explore their passions and try something new. Spheros, Water Colour Painting and MinecraftEDU are just a few of these options.

Cross Country, Volleyball, Basketball, Wrestling and Track and Field are some of the athletic teams available for our students to join. At lunch, intramurals are very popular as are soccer matches, basketball games, tetherball and 4-square. The Abbotsford Youth Commission even facilitates a lunch events at ATMS. For even more activity, we provide an after-school basketball program, offered by BC Bounce, for students wanting to sharpen their skills.

At ATMS, we believe that students deserve a challenging and exploratory experience in middle school. Our dedicated staff is committed to the focus on academics, traditional values and a progressive education that will better prepare your child for high school and beyond. We look forward to welcoming you to Abbotsford Traditional Middle School.

Don't miss out! Limited seats available. Register today on our [website](#)! Or call 604-850-3511 to book a school tour!
