Mrs. Fox's Grade 8s spent some time investigating visible light and the electromagnetic spectrum!

Mr. Lockington's Grade 6's had a presentation from the Junior Achievement program which teaches about what it takes to run a small business and explores financial literacy and community connections.

The Grade 6 boys and girls basketball teams have started up their practice and game schedule! They both have games Wednesdays after school. Let's get out and cheer on our Sabres!

A message from our PAC:

Each year, we ask parents to support the PAC by donating throughout the year. This helps the PAC run many events that rely solely on donations. We are very appreciative of the support that our parents provide and know that when we work together amazing things can happen. The last couple of years we have not been able to do much fundraising due to COVID. So, this year we are asking parents to make a 1-time donation of \$20. If every parent donates \$20, we will be able to run many events that we have planned for this year.

Your donations will be used for the following: • Teacher Appreciation (Christmas & year-end lunches for teachers) • Vaisakhi lunch for the entire school • Year-end lunch for all the students • Equipment for the school gym (basketball, volleyball, badminton rackets, etc.)

Sincerely,

ATMS PAC
