Weekly Tip #4 - Using "I" statements for better communication!

"I feel _____ (sad, angry, disappointed...) because _____, and I need you to _____.
For example, "I feel frustrated because you have been speaking disrespectfully to me when I am trying to help you. I need you to speak to me politely if you want me to listen to you." The use of "I" statements are assertive relating to your boundaries and can act to de-escalate conflict and foster better communication overall.

Our Senior Boys, Senior Girls, Junior Boys, Grade 9 Boys, Grade 8 Girls & Grade 8 Boys teams have all been playing in the Abby Police Department basketball tournament this week. The Grade 9 boys also played in a tournament at GW Graham last week and finished third overall! Way to go boys!

Traffic congestion continues to be an issue at pick up and drop off every day. Please review the next two pages of this newsletter for some options for alternate pick up and drop off locations to help reduce congestion and the time it takes to clear the area in front of the school at these high traffic times.

STUDENT DROP OFF OPTIONS

Student drop off and pick up continues to be an issue with regard to the heavy traffic around the front of the school. This congestion blocks local traffic in and out of business and residential driveways, it blocks our buses from getting into the school to pick up students and it causes long waits for parents to get in and out of the area. Please consider using one of the options below as your pick up and drop off method to help reduce this congestion and make drop off and pick up much faster and easier.

Option 1: Drive along Peardonville Road and park on the gravel and drop off/pick up the student at the back of the school field. There are two walking entry points at the ends of the fence as marked below. You can then continue along this road and exit onto Marshall Rd

Option 2: Turn off Peardonville Road onto Townline Road and then onto Wheel Avenue. Drop off your student along Wheel Avenue and they can walk along the sidewalk and then use the crosswalk to get onto school grounds. You can then turn down Carpenter Street to get out onto Marshall Road. If you are coming from the south on Marshall Road, you can instead turn up Carpenter Street, drop off on Wheel Avenue and then turn back down Townline Road to return to Marshall Road.

Option 3: Turn into the school parking lot at the south entrance and continue through the loop, dropping your student off at the entrance. This is not the recommended option as it will be the most congested area and will take the longest to get in and out. Stopping on Windsor Street to wait to get into the parking lot is not recommended as it blocks traffic in and out of the area and into and out of the surrounding business and residential driveways.
